

THE SUICIDE PREVENTION WORKFORCE GAP

Suicide
is a leading
cause of death

The U.S. has
~860,000
behavioral health
professionals

Most behavioral health
professionals have
<4 hours
of suicide-specific training

Gaps in training
magnify existing
disparities in suicide
risk screening

The U.S. has a fragile
and fragmented
suicide prevention
workforce

**FEW SUICIDE
SPECIALISTS**
